

MODULAR MOVABLE GOTHIC HIGH TUNNEL INFORMATION SHEET

WHY HIGH TUNNELS?

- Season Extension – Lengthens growing season
- Climate controlled environment – Better for seedlings
- Protection from extreme weather
- Allows for produce at market earlier/ later than others (cash crops)
- Gothic (arched) style sheds snow
- Increases consumer access to locally grown produce

WHY MOVABLE HIGH TUNNELS?

- Easily moved with 4 people – Can move it multiple times a year
- Prevents soil erosion
- Crop rotation/ Cover cropping
- Improves soil science
- Soil Salinity – Rainfall leeches salts
- Breaks disease cycle
- Compatible with stale seed bedding
- Great for backyard growers and small-scale producers
